

FYI

11/13/2017

current units of study:

- **MATH**~ Students are working division and multiplication in word problems. They will also be starting area and perimeter.
- **SCIENCE**~ Animals– we are looking at how animals use eyes and ears to gain info. from the world around them
- **READING**~ We are learning how text structure and text features help us get the main idea from nonfiction text
- **Writing**~ We are working research for water conservation

COMING UP...

- 11/15 Futsal afterschool (girls)
- 11/15 4H Aerospace afterschool
- 11/16 Futsal afterschool (boys)

On Tuesday, November 14, starting at 5:00 p.m., Grant County Schools will host a viewing of the movie "The Bad Kids" in the Grant County High School Auditorium.

This is a documentary intended for educators, parents, and community members - anyone who has contact with youth -- which underscores the critical role of "relationships" in nurturing and restoring troubled (and all) teens.

We are very pleased to be able to host this free

WORDS of the week– same as last week

quizzed strolled stammered
whined dew temperature
endangered adapt captivity
wildlife conservation extinct

-Due to the fact the words were a little more difficult last week we decided to use the same words this week. If your child made a 100% last week they will not be required to write words for homework this week or take the test.
